

Instructions

You will be asked to compare the global and local pitch patterns of two melodies, without having to identify their directions explicitly.

Examples

Melody 1

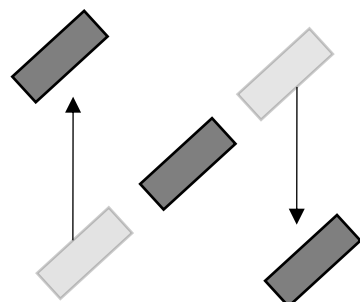

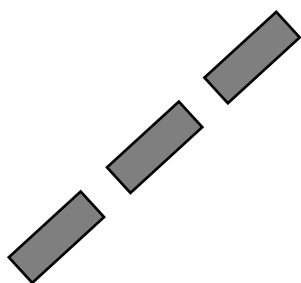

Melody 2

Identifying the directions:

Global: both melodies have an ascending pitch pattern.

Local: all sounds in both melodies are upward sweeps.

Comparison : the two melodies have the same global and local patterns.

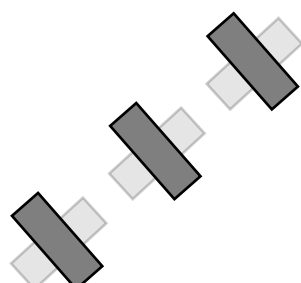

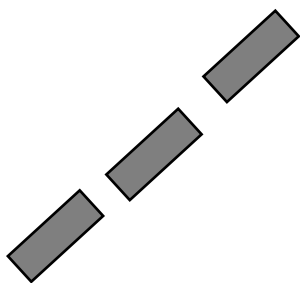

Identifying the directions:

Global: the second melody has a descending pitch pattern.

Local: all sounds in both melodies are upward sweeps.

Comparison: the two melodies differ at the global level but are the same at the local level.

The two melodies are the same at the global level but differ at the local level.
